

AUTODESK®  
SUBSCRIPTION

# Top 10 Reasons Why Autodesk Subscription is a Smart Investment.

Get the benefits of increased productivity, predictable budgeting, and simplified license management with Autodesk® Subscription.

## 1. Cost-Effectiveness

If you typically upgrade your Autodesk products, you can save money with Autodesk Subscription. It does not matter when you upgrade; every year, every two years, or every three years. Subscription is a cost-effective way to keep Autodesk software up-to-date, and represents great value over time.

## 2. Predictable Budgeting

Autodesk Subscription offers a way to make software costs predictable. Whether you opt for a one-year subscription or a multi-year subscription contract, your costs are known for the entire term of the subscription contract. This means improved cash forecasting, and the possibility to include subscription fees in project estimates and billing.

## 3. Technology Upgrades

Autodesk Subscription helps make sure that you always have fast access to the latest release of the software made available during the term of your contract; this includes major releases and feature extensions. Features extensions, exclusive to subscription members, can provide new functionality and/or feature enhancements between major releases.

## 4. Web Support

Web support, direct from Autodesk, provides fast, complete answers to technical questions to help you get more from your investment in Autodesk software. Direct, one-on-one interaction with Autodesk support technicians right at the desktop can improve productivity and help avoid expensive downtime. You also have the option to keep your reseller automatically informed of your support requests and resolutions that were provided to you by Autodesk.

## 5. e-Learning

e-Learning consists of self-paced, interactive lessons for many Autodesk products. Each lesson is 15–30 minutes in length, and lessons are organized into product catalogs. The lessons feature hands-on

exercises, with an option to use a simulation instead of the software application. You can also use the built-in assessments to identify skills gaps and the lessons that will help you the most.

### **6. Technical Knowledgebase**

The Autodesk Knowledgebase is a comprehensive online resource that enables Subscription members to search at any time for crucial information and learning materials that can help them get the most out of their production environments. Advanced search filters and personalized search capabilities give you fast access to the most relevant solutions in the knowledgebase—making it easier to find the information you want.

### **7. Flexible Licensing Terms**

Never miss a beat in your production! Only subscription members are entitled to use previous versions of the software concurrently with the upgrades, in order to access new functionality in the upgrade (for evaluation or production use) without disrupting ongoing projects. In addition, you have the flexibility to use Autodesk software license in the office or at home.

### **8. Autodesk Subscription Center**

The password-protected Autodesk Subscription Center, gives members an online portal, where you can quickly access the many features of Autodesk Subscription, up-to-date software, learning resources, extensive knowledgebase, as well as administer your subscription contract and view and manage your software licenses.

### **9. Simplified License Management Tools**

Autodesk Subscription makes managing your software licenses and your subscription contract easy with administration tools via the Autodesk Subscription Center. You can view coverage and renewal reports, provide users access to included services, update your contact information and learn about exclusive members –only offers.

### **10. Exclusive Community Access**

Autodesk Subscription members get access to a wealth of community resources and exclusive, subscriber-only privileges designed to keep you connected to Autodesk executives, technical experts, and developers. From early access to new technology to invitation-only webcasts to preferred subscriber status at Autodesk events, Autodesk Subscription members receive the red carpet treatment.
